1.3 PURPOSE OF THE RFP

The purpose of this RFP is to select vendor(s) that can satisfy the State’s need for pre and/or post conviction, gender specific, evidence-based Forensic Diversion Programming for Men and/or Women. Forensic Diversion Programming shall be defined by IC 11-12-3.7. Programming must be designed to provide an adult who has mental illness and/or addictive disorder and who has been charged with a crime that is not violent an opportunity to receive community treatment and other services addressing mental health and addiction instead of or in addition to incarceration.

The RFP is open to managed care providers, community mental health centers, and local programs as specialty providers that are not community mental health centers. Respondents are encouraged to develop partnerships with criminal justice agencies and submit proposals that are innovative and collaborative.

Indiana Code (IC 12-23-2-8) requires the Division of Mental Health and Addiction to distribute at least thirty-three percent (33%) of the total amount received by the Division from the addiction services fund to local programs, and that may not be distributed to a county home, a local mental health program established under IC 12-29, or a state

institution. Therefore, successful Respondent(s) will take into consideration this requirement.

1.4 SUMMARY SCOPE OF WORK

One or more vendors in cooperation or collaboration will generate or expand to provide Forensic Diversion programming for up to fifty (50) individuals annually. Vendor(s) shall develop a comprehensive evidence-based, gender specific, pre and/or post conviction Forensic Diversion Program that meets all criteria as outlined in IC 11-12-3.7.

Consumers shall have a diagnosis of Substance Use Disorder, and have significant impairment in physiological, social, occupational, and/or psychological functioning due to substance use. Forensic Diversion Programming shall provide individualized clinical interventions, recovery services, support and case management to all individuals participating in the program for a minimum of nine and a maximum of twelve months. Programming can be entirely community based or have a maximum thirty day secured housing component included which can be comprised of residential treatment, supportive living or community correction beds.

All services shall utilize individualized, gender specific, evidence-based practices that address clinical needs as well as criminogenic risk factors. Evidence-based practice is defined as programs or practices that are proven to be successful through research methodology and have produced consistently positive patterns of results; show the greatest levels of effectiveness and have been replicated in different settings with different populations over time; and can include but are not limited to “treatment manuals.” Evidence-based practices for substance abuse are supported by the Substance Abuse and Mental Health Administration (SAMHSA) - National Registry of Evidence-Based Programs and Practices (NREPP).

Forensic Diversion Programming must demonstrate community collaboration to support comprehensive wrap around recovery services which includes clinical and criminal justice monitoring for a minimum of nine months and a maximum of twelve months. All services shall be designed to practice and utilize recovery oriented environment philosophy and practices to include consumer empowerment, self sufficiency, and recovery options as defined by the consumer.

Applicants are ***strongly*** encouraged to collaborate with existing programs such as Problem Solving Courts, Community Corrections, and Court Alcohol and Drug Programs. Additionally, Respondents must be registered with the IDOA. This can be accomplished on-line at <http://www.in.gov/idoa/2464.htm> .

The IDOA Procurement Division maintains two databases of vendor information. The Bidder registration database is set up for vendors to register if you are interested in selling a product or service to the State of Indiana. Respondents may register on-line at no cost to become a Bidder with the State of Indiana. To complete the on-line Bidder registration, go to <http://www.in.gov/idoa/2464.htm>. The Bidder registration offers email notification of upcoming solicitation opportunities, corresponding to the Bidder's area(s) of interest, selected during the registration process. Respondents do need to be registered to bid on and receive email notifications. Completion of the Bidder registration will result in your name being added to the Bidder's Database, for email notification. The Bidder registration requires some general business information, an

indication of the types of goods and services you can offer the State of Indiana, and locations(s) within the State that you can supply or service. There is no fee to be placed in Procurement Division's Bidder Database. To receive an award, you must be registered as a bidder.

2.3.9 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this RFP, and shall not be relieved by the non-performance of any subcontractor. Any Respondent's proposal must identify all subcontractors and describe the contractual relationship between the Respondent and each subcontractor. Either a copy of the executed subcontract or a letter of agreement over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes, and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, the technical proposal must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this RFP or in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority or Women Owned Business under IC 4-13-16.5-1. See Section 1.21 and Attachment A for Minority and Women Business information.

However, when this is done, the body of the technical proposal must contain a meaningful summary of the referenced material. The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked. If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State.

2.6 INDIANA ECONOMIC IMPACT

All companies desiring to do business with State agencies must complete an "Indiana Economic Impact" form (Attachment C). The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the State.

2.7 BUY INDIANA INITIATIVE/INDIANA COMPANY

It is the Respondent's responsibility to confirm its Buy Indiana status for this portion of the process. If a Respondent has previously registered its business with IDOA, go to <http://www.in.gov/idoa/2464.htm> and click on the link to update this registration. Click the tab titled Buy Indiana. Select the appropriate category for your business. Respondents may only select one category. Certify this selection by clicking the check box next to the certification paragraph. Once this is complete, save your selection and exit your account.

Respondents that have not previously registered with IDOA must go to <http://www.in.gov/idoa/2464.htm> and click on the link to register. During the registration process, follow the steps outlined in the paragraph above to certify your business' status. The registration process should be complete at the time of proposal submission.

Defining an Indiana Business:

Respondents claiming this status must indicate which of the provisions above qualifies them as an Indiana business. They must also fully complete the Indiana Economic Impact Form (Attachment C) and include it with their response.

The following is the policy concerning items 4 & 5 described below. Appropriate documentation must be provided with your proposal response supporting either claim made below:

If an out of state company does not meet one of these criteria, it can submit documentation/justification to the State for review for inclusion under this category.

SECTION THREE PROPOSAL EVALUATION

3.1 PROPOSAL EVALUATION PROCEDURE

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of IDOA or his designee will, in the exercise of his sole discretion, determine which proposals offer the best means of servicing the interests of the State. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated on the basis of the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 If technical proposals are close to equal, greater weight may be given to price.
- 3.1.4 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State, taking into account all of the evaluation factors, may be selected by IDOA and FSSA/DMHA for further action, such as contract negotiations. If, however, IDOA and FSSA/DMHA decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, IDOA may begin contract preparation with the next qualified Respondent or determine that no such alternate proposal exists.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 105). Negative points may be assigned in the cost score. Additionally, there is an opportunity for a bonus of five points if certain criteria are met.

For further information, please reference Section 3.2.3 below. If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking into account such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	35 points
3. Cost (Cost Proposal)	-20 to +20 points
4. Indiana Economic Impact	15
5. Buy Indiana	10
6. Minority (10) and Women Business (10) Subcontractor Commitment	20
Total	100

All proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. This scoring will have a maximum possible score of 55 points with a potential of 5 bonus points if certain criteria are met. All proposals will be ranked on the basis of their combined scores for Criteria 2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be considered for any further evaluation.

Step 2 may include one or more rounds of proposal discussions focused on cost and other proposal elements.

Step 3

The short-listed proposals will then be evaluated based on all the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

3.2.1 Adherence to Requirements – Pass/Fail

Respondents passing this category move to Phase 2 and proposal is evaluated for Management Assessment/Quality and Price.

3.2.2 Management Assessment/Quality - 35 points

3.2.3 Price – 20 points available

Price will be measured against the State's baseline cost for this scope of work. The cost that the State is currently paying or its best estimate will constitute the baseline cost. Cost scoring points will be assigned as follows:

- Respondents who meet the State's current baseline cost will receive zero (0) cost points.
- Respondents who propose a decrease to the State's current costs will receive positive points at the same rate as bid increasing cost.
- Respondents who propose an increase to the State's current cost will receive negative points at the same rate as bid lowering cost.
- Respondents who propose a 10% decrease to the State's current baseline cost will receive all of the available cost points.
- If multiple Respondents decrease costs below 10% of the current baseline, an additional 5 points will be added to the Respondent proposing the lowest cost to the State.

3.2.4 Indiana Economic Impact (15 points)

See Section 2.6 for additional information.

The total number of full time equivalent (FTE – please see Section 1.2 for a definition of FTE's) Indiana resident employees for the Respondent's proposal (prime contractor and subcontractors) will be used to evaluate the Respondent's Indiana Economic Impact. Points will be awarded based on a graduated scale. The Respondent with the most Indiana FTEs will be awarded 15 points. Points will then be awarded to the remaining Respondents proportionately.

3.2.5 Buy Indiana Initiative – 10 points

Respondents qualifying as an Indiana Company as defined in Section 2.7 will receive 10 points in this category.

3.2.6 Minority (10 points) & Women's Business (10 points) Subcontractor Commitment - (20 points).

The following formula will be used to determine points to be awarded:

The commitment factor for each proposal will be calculated by multiplying the commitment percentage by one hundred. The RFP score ratio will be determined by dividing the maximum allowable points by the highest commitment factor. The proposal with the highest commitment factor will be given the maximum allowable points. The points awarded to the other proposals will be calculated by multiplying the score ratio by the proposed commitment factor.

Commitment percentage * 100 = commitment factor

Maximum allowable points/highest commitment factor = score ratio

Commitment factor * score ratio = points awarded

The Commissioner of IDOA or his designee will, in the exercise of his sole discretion, determine which proposal(s) offer the best means of servicing the interests of the State. The exercise of this discretion will be final.
